

# Tarot/Oracle Card Challenge, January 2023

## How To Play:

~Get out your cleansed deck(s) which can be tarot and/or oracle.  
(how to cleanse at the bottom)

~Get into a quiet place mentally & physically. Also, try to do this around the same time each day, if at all possible.

~Then shuffle the deck how ever many times feels right. While shuffling, ask the question of the day. Pull a card. Study the picture and/or words on the card. Intuitively think how it relates to the question. What's the picture saying to you. Remember, there are no wrong answers.

~If you need help, consult the guide book. But your first impressions are most important. It's your intuition at work.

~Then share the card (picture or just the name) on my instagram page and/or on my new business FB page and a brief comment.

~Now You Might Ask??? I don't have a deck but it sounds like fun and I'd like to take part in the challenge!

~Not a problem...there's the internet. Use any or all of these links during the month. Follow the same steps above.

All testimonials from all are very much appreciated :-)

- \* You can catch up if you get behind, but no going ahead. If you post for a question that's for a day that hasn't come yet, I won't count it.
- \* Sticking to one deck is best, but if you really want to pull from a different deck some days, that's okay. Whatever works for you. The challenges I've done in the past, I always used no more than two different decks.
- \* Catch ups can be emailed to me at: [stephlitwin@gmail.com](mailto:stephlitwin@gmail.com) They will count towards the prize if you are also posting fairly regularly. This will be at my own discretion. Remember, this about sharing. Posting on IG and/or IG
- \* The winner will be announced during the 1st week of February in IG & FB.
- \* REMEMBER! The fun with any challenge is.....participation!

**\*\*\*Cleansing Your Deck:** If you've never cleansed a deck before, there are many ways to do this. But to keep things simple and easy, this is what you do. Just hold the whole deck in one hand (not in the box) and knock it with your other hand. I do a couple hard knocks. That's all! It's simple, easy and it works. I do this every time I use a deck.

Thank you for your participation!

~Stephanie
